Can Joey Campanaro and Gabriel Stulman—the team behind the perpetually-booked downtown darling, The Little Owl—do no wrong? Not when they tap the talents of former Mermaid Inn chef, Mike Price, to create a fresh, unpretentious menu, with a fantastic staff and rustic décor to match. Straddling a sunny corner of the West Village, Market Table has converted its former “General Store” (located in the front room) into a space for additional seating, satisfying critics’ wishes for more tables. Now diners can enjoy the fresh lamb ravioli, tumbling with farm-fresh vegetables and soft, crumbled goat cheese; or a luscious, otherworldly cheesecake, oozing with moist chocolate.
